Planning, managing, and providing legal, public safety, protective services and homeland security, including professional and technical support services.

The 16 Career Clusters - careercoachondemand

Design is the creation of a plan or convention for the construction of an object, system or measurable human interaction. Design has different connotations in different fields (see design disciplines below). In some cases, the direct construction of an object (as in pottery, engineering, management, coding, and graphic design) is also considered to use design thinking.
